A Practical Guide to Stage Lighting - Steven Shelley ...

Two-stage sampling is a common practice in fisheries surveys, as well as many other disciplines. In two-stage sampling, the first stage refers to the primary sampling unit which is a cluster of objects, followed by a second stage where individual objects, or sub-units, are subsampled (or completely enumerated) from the cluster (Cochran, 1977). A cluster, or primary sampling unit, is a natural grouping of objects that may have similar attributes.
