For over a century the suit has dominated wardrobes, its simple form making it the go-to attire for boardrooms, churches, or cocktail bars—anywhere one wants to make an impression. But this ubiquity has allowed us to take the suit's history for granted, and its complex construction, symbolic power, and many shifting meanings have been lost to all but the most devout sartorialists.

Book review - The Suit: Form, Function and Style. In the sixteenth century, a man commissioning a suit would largely do so through an agent, who would interact with several parties - of which the tailor was just one. They would talk to the cloth merchant, the button merchant, and the embroiderer, bringing the necessary supplies to the tailor and overseeing the work with the

fashions and style of the day in mind.
