A cause and effect essay looks at the reasons (or causes) for something, then discusses the results (or effects). For this reason, cause and effect essays are sometimes referred to as reason and result essays. They are one of the most common forms of organisation in academic writing. Sometimes the whole essay will be cause and

The purpose of the cause-and-effect essay is to determine how various phenomena are related. The thesis states what the writer sees as the main cause, main effect, or various causes and effects of a condition or event. The cause-and-effect essay can be organized in one of these two primary ways: Start with the
