"A fishing yacht, a cruiser or a fast offshore racing boat all have different design requirements." For starters, a sportfish yacht has unique features that set it apart from other types of vessels. Intended for the pursuit of trophy fish like marlin and tuna, it has an open cockpit large enough to accommodate several crewmembers and a "fighting chair," in

How to Commission a Yacht Design and Have It Built.

Every aspect of yacht design has its own chapter, starting with the basics knowledge of stability, hull-design, hydrostatics (very interesting!); keel and rudder to finally construct the rigging, sail plan and engine sizing.
